

Pioneering a New Level of Safety

Save Lives and Protect Progress

AWP Safety protects the people who build and operate North America's infrastructure. We keep you and your communities moving forward with our scale, expertise, technology and comprehensive safety solutions. Anytime, anywhere. It just takes one call.

Why Choose Us

SAFETY

It's in our name and we take it seriously. AWP Safety excellence improves your safety performance and reduces your liability.

Industry-leading solutions, safety records and training keep your people safe.

SAVINGS

Using AWP Safety instead of in-house teams saves up to 50% due to greater efficiencies, compliance and quality control.

We provide customer scorecards with performance insights and metrics.

COVERAGE

We show up when we say we will and work efficiently. We use next-generation technology like AFADs to cover more work with fewer people.

Emergency response: We have boots onsite within two hours.

COMPLIANCE

AWP Safety monitors and meets or exceeds all regulatory requirements.

We work on your behalf to build trust with government agencies for your future projects. Our Protectors are certified in ATSSA*, MUTCD*, CPR and first aid.

**ATSSA – American Traffic Safety Services Association; MUTCD – Manual on Uniform Traffic Control Devices*

Industries

- Utilities
- Broadband
- Transportation Infrastructure
- Municipalities
- Special Events

A preferred safety partner of the PGA, Super Bowl and NYC Marathon
